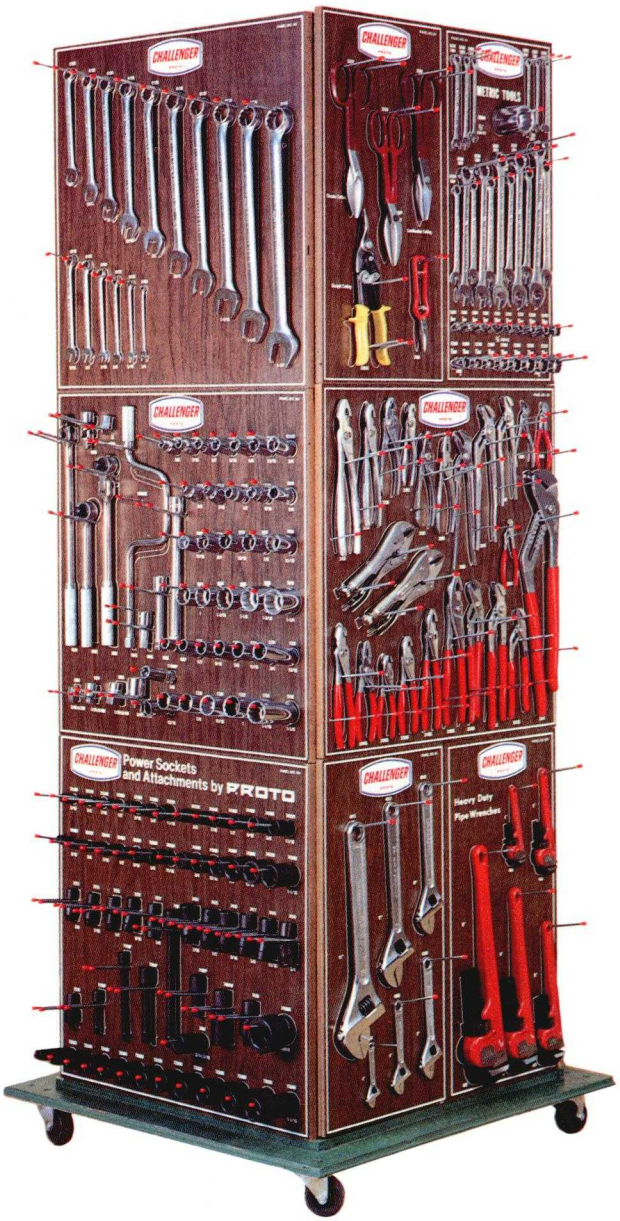
FLOOR MERCHANDISERS

Design your tool department to meet *your* individual requirements. Simply choose one of the merchandisers shown below and on page 8. Then select any combination of your choice of the modular 2′x2′ and 1′x2′ panels pictured on pages 9 through 13. It's as simple as that! (All Challenger panels are marked with the outline and part number of each tool for quick, easy selection and restocking.)



No. 898-MDR Panel Merchandiser

(Tools and Panels not included)

This four-sided merchandiser displays any twelve 2′x2′ panels or combination of 2′x2′ and 1′x2′ panels shown on pages 9 through 13. Allows you to "tailor-make" your tool department by selecting the tool panels that best fill your needs. Requires only six square feet of floor space. Four heavy duty casters permit easy movement.

No. 890-MDR Rotating Panel Merchandiser

(Tools and Panels not included)

This three-sided merchandiser displays any six 2′x2′ panels, twelve 1′x2′ panels or combination of 2′x2′ and 1′x2′ panels of your choice shown on pages 9 through 13. Rotates easily for full tool display. Requires only two square feet of floor space.

NOTE: Above displays ordered complete with panel merchandisers and tools will be drop shipped freight prepaid.

Design your tool department to meet *your* individual requirements. Simply choose one of the merchandisers shown below and on page 7. Then select any combination of your choice of the modular 2′x2′ or 1′x2′ panels pictured on pages 9 through 13. It's as simple as that! (All Challenger panels are marked with the outline and part number of each tool for quick, easy selection and restocking.)

No. 895-MDR Panel Merchandiser

(Tools and Panels not included)

A complete flexible display unit. Each modular welded steel section displays any three 2′x2′ panels or six 1′x2′ panels shown on pages 9 through 13 or a combination of both. Individual sections can be quickly bolted together to form a flush wall unit, a four-sided free-standing unit around an unsightly or awkwardly placed pillar or an attractive island display unit like the one pictured above that consists of three No. 895-MDR units bolted together. Panels of your choice are held in place by pins and are easily installed or rearranged as desired. Modular steel frames come with all hardware included.

NOTE: Each No. 895-MDR ordered complete with panel merchandisers and tools will be drop shipped freight prepaid.

CHALLENGER by PROTO Carded Tools

In today's economy an effective self service approach is sometimes needed. And Challenger's Carded Tool Line fulfills that need by meeting all the requirements demanded of it.

Cards are attractive, eye-catching and well designed. Color coding provides an immediate and distinctive visual difference between metric and fractional tools, avoiding customer confusion and allowing quick, easy inventory and restocking. All cards feature bold tool identification and are imprinted with both size and part number of each tool. Special hang hole accommodates either a single or double hook and sensible size cards discourage pilferage, without overpackaging. Tools stay factory fresh under a tough, protective vinyl film until actual customer purchase and use.

Take advantage of Challenger Carded Tools and use their distinctive features to end customer confusion and indecision...and motivate your customers to buy!
